Editorial - welcome to Volume 1, 4th edition 8

## 1. Primary goals

We need green buildings .....	10
Reduce consumption.....	14
Climate change and peak oil .....	16
Build an eco-society.....	18
Decentralise our power.....	20
Don't demolish - renovate.....	26
Renovate with care .....	29
Design for good health.....	32
Design for adaptability.....	38
Eco-minimalism - less is more .....	43
Design for airtightness .....	48
Design for passive heating.....	54
Consider the thermal capacity.....	58
Avoid electrical heating .....	62

## 2. Trends and direction

Architecture review .....	68
Green legislation review.....	75
Wood in architecture .....	78
Code for Sustainable Homes .....	84
Countdown to zero carbon .....	94
Critique of the CSH.....	98
Heading towards passivhaus? .....	101
Green building standards .....	105
Progress in straw bale building.....	108
Straw bale panels .....	112
Taking construction off-site.....	115
Avoid stolen timber.....	119
Watch out for greenwash .....	120

## 3. Power, heating and water

Energy should be human scale .....	134
Understanding energy use.....	138
Heating our homes without fossil fuels .....	142
Fuel cells and micro-CHP.....	146
Micro-CHP still a way off.....	148
Biomass industry review .....	150
DHW heating from solar energy.....	156
Space heating from solar energy.....	159
Space heating from logs.....	164
Space heating with heat pumps.....	168
Electricity from solar energy .....	170
Electricity from wind power.....	174
Healthy heating systems.....	177
Underfloor heating.....	181
Water and appliances .....	184

## 4. Materials and methods

General material selection.....	192
Choosing materials .....	195
Reclaimed and waste materials.....	199
Reclaim and reuse .....	202
Cement and alternatives.....	206
Insulation considerations .....	210
Natural insulation.....	214
Windows and glazing .....	217
Natural paints and stains.....	221
Using natural paints .....	227
Roofing materials.....	229
Green roofs .....	231
Roofing with thatch .....	238
An introduction to low impact building .....	241
Permaculture .....	248
Earth building - cob.....	249
